TRS down from 99 to 55 seats, BJP up like Phoenix from four to 48 in GHMC polls

(WE SAID THIS ON DEC 2, 2020)

BJP has an upper hand in GHMC polls !

Even as the Bookies give hairline edge to TRS over BJP in photo-finish in Telangana, political pundits say that the later has an upper hand in the Greater Hyderabad Municipal Corporation (GHMC) elections given the fact that it (BJP) has been consistently improving its tally in Telangana. The party which had won only one seat with just little over 7 per cent vote share in 2018 assembly polls bagged four seats in 2019 Lok Sabha polls with 19.45 per cent vote share.

Congress wins only two seats, of the 150, in the GHMC polls

(WE SAID THIS ON DEC 2, 2020)

Congress out of contest in GHMC elections ?

The Congress appears to be out of contest with the BJP emerging as challenger to TRS and AIMIM in the Greater Hyderabad Municipal Corporation (GHMC) elections. Infact, it has been on constant decline in the state after the last assembly polls held in 2018 when in alliance with the TDP, it won 19 seats with 28.43 per cent vote share but in 2019 Lok Sabha elections, the Congress fell behind the BJP in terms of seats, and could win just three seats despite 29.48 per cent vote share. BJP had won four Lok Sabha seats in 2019 in Telangana. In GHMC polls too it could win only in two wards in 2016 as against in 52 wards in 2009.
